

# JUSSI AHONEN

## CURRICULUM VITAE

## WORK EXPERIENCE

### TEACHING ASSISTANT

UNIVERSITY OF  
EASTERN FINLAND

Various course arrangements, for example, the Applications of Photonics course. Technical and educational support for teachers in arranging hybrid lectures and online materials. Helping teachers and students with the new study register, Peppi, by for example creating tutorial videos and workshops.

16.8-31.12.2021

### CONFERENCE ASSISTANT

EUROPEAN OPTICAL  
SOCIETY

Varying tasks with EOSAM2021. I worked on the graphical materials for the conference, such as the conference program, the conference website and app, marketing materials, and social media. Practical tasks related to the participant registers and ConfTool. I managed the technical side of the hybrid conference.

19.7.2021-

### TEACHING ASSISTANT

UNIVERSITY OF  
EASTERN FINLAND

I oversaw the mathematic and technology education groups in the national LUMA2020 project hosted by the LUMA Centre Finland. I was creating new teaching material for teachers as well as giving them workshops on f.ex. 3D printing and programming. I hosted visiting groups at the Luma Laboratory and created a new website for the LUMA Centre, among other things.

1.9.2019-31.12.2020

### ELECTION WORKER

CITY OF JOENSUU

My job as the election worker for the youth council of Joensuu consisted of preparing and seeing through a youth council election, which works just like any "real" Finnish election. Communication between the city and schools, gathering candidates, making sure election laws are obeyed, and creating all promotional materials were some of my duties. I worked together with the principals of the schools, current youth council members, and city workers.

15.8-30.11.2018

### CUSTOMER SERVANT

BARONA OY

I worked as a customer servant in teleoperator Elisa's phone customer service. My work consisted of solving the problems of customers contacting us, as efficiently and friendly as possible. Part of my assignment was to improve customer value through sales. In the last few years of working here, I instructed and guided new summer workers on how to properly do the job.

5.5-17.10.2015 30.5-28.8.2016

15.5-15.9.2017 14.5-17.8.2018

### SECOND LIEUTENANT

FINNISH DEFENSE  
FORCES, KAJAANI

My job was to train conscripts of the mortar company. I was independently in charge of my group achieving the goals set by the cadre. I had to plan my training, so it was efficient, but also safe. I was in charge of physical education, tactical education, and also firing education.

1.1-30.6.2014

## POSITIONS OF RESPONSIBILITY

### ELECTION COMMISSIONER

CITY OF JOENSUU

I have worked as an election commissioner in parliamentary elections 2015 and municipal elections 2017 as well as presidential elections in 2018. In 2019 I was working as the corresponding election commissioner in parliamentary and European elections. In 2021 I was also the corresponding election commissioner in municipal elections.

2015-2021

### YOUTH COUNCIL

JOENSUU

I have been an elected member of the Joensuu Youth Council for 3 terms

2007-2012

## EDUCATION

### MASTERS OF SCIENCE

UNIVERSITY OF  
EASTERN FINLAND

I am studying at the University of Eastern Finland with a master's in mathematics and minors in education, computer sciences, PE, data analytics, and educational administration. I have finished my Bachelor of Science studies and plan to finish my Masters of Science studies in summer 2022.

2014-
